

2022 FINALS PREVIEW: BEER CHUGGERS VS 88s

The Finals are set.

It's going to be a re-match from last year. A September Slam! A Fall Brawl! A Welland Whammy! A Softball Slap and Tickle!

The season series stands at 5-2 in favor of the 88s (34-3-1) over Beer Chuggers (22-14-1).

The Chuggers ended the 88s nearly yearlong winning streak earlier in 2022 with back to back thumpers on June 27th.

Their paths to get to this point have been a bit different.

While both teams convincingly rolled through the round robin stage to finish 1 and 2, it was the 88s that took a detour in the semi's as they were nearly pushed over the edge by a fiery Walk Offs squad while the Chuggers continued to peak at the right time by dispatching a strong Pitches squad in 2 games in their semifinal series.

With 2 superb line ups each led by ladies on the mound, some parity in the head to head matchup record and plenty of intermingling among the teams both on and off the field, the Chuggers/88s have become one of the best (friendly) rivalries in the league and it's a fitting end to the 2022 campaign.

What's in store this year? Will there be another mammoth grand slam from an unlikely source? Will the Chuggers get their pay back? Will it piss rain all week and force the teams to decide the champion over a game of flip cup? Only time will tell, tickets on sale now!
